

IYENGAR YOGA CENTRE OF WELLINGTON

Sri Lanka Retreat

16 – 26 AUGUST 2020

Rejuvenate mind and body while developing your yoga practice in an oasis of tranquility and exceptional natural beauty.

We are very fortunate to have exclusive use of this natural sanctuary and village—**Ulpotha Yoga Retreat**, considered to be one of the most beautiful places in the world.

A unique venue of total peace and calm, located at the base of the Galgiriya Mountains, in the jungle heartland of Old Ceylon in Sri Lanka's Cultural Triangle. Rebuilt on the layout of a deserted traditional village, Ulpotha covers a 20-acre site cradled on one side by low mountains and a lotus-ringed lake, and on the other by emerald-green paddy fields.

This haven of exquisite natural beauty is a secluded hideaway where you live in elegant simplicity, close to nature, in adobe houses nestled amongst flowers and trees and swim in a lake smothered in tiny water lilies.

The bio-diversity of Ulpotha is extraordinary, with flora, fauna and bird life of dazzling variety. Animal life is equally varied, with even wild (but gentle) elephants visiting from time to time!

During your stay you can swim in the lake, go bird watching, make use of the on-site bikes and of course relax in one of the many hammocks and hanging beds that dot the grounds or rest in the lovely tree-house or lake huts.

This retreat is suitable for students who have a minimum of one year Iyengar yoga experience. If you would like to join us but aren't sure if the retreat is suitable for you, please feel free to talk to Tessa.

Ulpotha is most often described as a life-changing paradise. Click the links below to get a better feel for the true essence of this special retreat centre:

All inclusive:

YOGA

Early morning pranayama followed by morning asana practice. The afternoon session will be quieter, focusing on seated postures, inversions and restorative yoga. Five hours' practice per day with plenty of time for resting and exploring the beautiful surrounds. There will be opportunities for guided walks to the mountain temple and morning sunrises, meditation and yoga from the giant rock formations that surround Ulpotha.

FOOD

One of the great joys of Ulpotha is considered to be its food. Ulpotha is a garden and a farm all in one with everything done the traditional way—there are no chemicals and no machinery. Three delicious organic vegetarian meals per day plus juices, herbal teas, pure spring water, coconuts and all snacks.

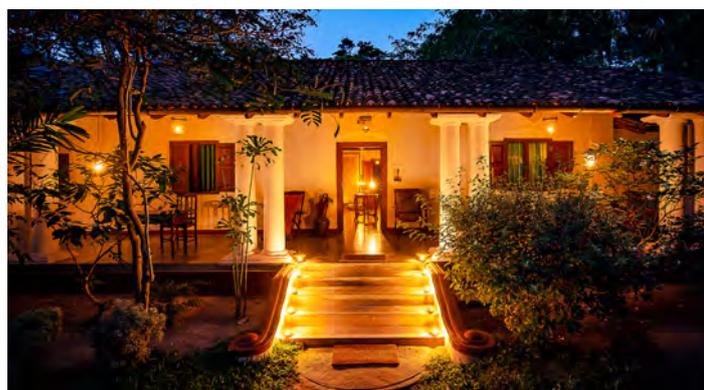

ACCOMMODATION

Ten nights' accommodation in exquisite wattle and daub huts which are built using traditional methods and are nestled in clearings among the lush mingling of tropical trees and shrubs. Accommodation is on a twin-share basis and the shared bathrooms are modern and clean with open-air showers. The sandy paths are shaded by coconut palms and fringed with brilliant hibiscus and the vegetable plots are bright with sunflowers and marigolds.

At Ulpotha, being so close to nature and the jungle, guests generally find comfort in the twin-share arrangements of the huts. By design there is no electricity and life is lived by the rhythm of the day. Light is provided by candles, lamps and lanterns, lending Ulpotha an ethereal quality at night.

DAY TRIP

A full day trip to the most famous sights in the Cultural Triangle. We will visit the Dambulla Cave Temple then stop for lunch and a swim at a Geoffrey Bawa-designed hotel.

After climbing to the top of Sigiriya Rock for sunset we will stop for dinner at a typical Sri Lankan hotel on our way back to Ulpotha. *Day trip entrance fees and meals are not included in the retreat price.*

Ulpotha has an exciting programme of Ayurveda treatments and possesses the ideal climate and environment for the practise of this deeply therapeutic and traditional healing art. Details of the Ayurvedic treatments can be found on the Ulpotha website. Massage by highly experienced therapists is also available. *Ayurveda and massage treatments are not included in the retreat price.*

Ulpotha is, above all, a place to relax and find peace while reconnecting deeply with nature and yourself.
